

§ 2450.6

(c) The exercise of supervisory authority by the Secretary shall automatically vacate the initial classification decision and the final Departmental decision shall be issued by the Secretary of the Interior and served upon all parties in interest.

(d) No petitioner-applicant or protestant to a proposed classification decision of a State Director to whom the provisions of this section are applicable shall be entitled to any administrative review other than that provided by this section or to appeal under provisions of parts 1840 and 1850 of this chapter.

§ 2450.6 Effect of final order.

(a) A final order of the Secretary shall continue in full force and effect so long as the lands remain subject to classification under the authorities cited in subpart 2400 until an authorized officer revokes or modifies it. Until it is so revoked or modified, all applications and petition-applications for the lands not consistent with the classification of the lands will not be allowed. Any payments submitted therewith will be returned. If the order is revoked or modified, the land will be opened to entry on an equal-opportunity basis after public notice in accordance with applicable regulations for the purpose for which it may be classified.

(b) Nothing in this section, however, shall prevent the Secretary of the Interior, personally and not through a delegate, from vacating or modifying a final order of the Secretary. In the event that the Secretary vacates or modifies a final order within sixty days of the date it became final, any preference right of a petitioner-applicant will be restored.

§ 2450.7 Right to occupy or settle.

The filing of a petition-application gives no right to occupy or settle upon the land. A person shall be entitled to the possession and use of land only after his entry, selection, or location has been allowed, or a lease has been issued. Settlement on the land prior to that time constitutes a trespass.

43 CFR Ch. II (10–1–03 Edition)

§ 2450.8 Preference right of petitioner-applicant.

Where public land is classified for entry under section 7 of the Taylor Grazing Act or under the Small Tract Act pursuant to a petition-application filed under this part, the petitioner-applicant is entitled to a preference right of entry, if qualified. If, however, it should be necessary thereafter for any reason to reject the application of the preference right claimant, the next petitioner-applicant in order of filing shall succeed to the preference right. If there is no other petitioner-applicant the land may be opened to application by all qualified individuals on an equal-opportunity basis after public notice or the classification may be revoked by the authorized officer.

However, publication will not alter the applicability of the public land laws governing the use of the lands under lease, license, or permit, or governing the disposal of their mineral and vegetative resources, other than under the mining laws.
